MIPS Promoting Interoperability Performance Category Hardship Exception Application Overview

MIPS Promoting Interoperability Performance Category Hardship Exception Application Overview

Overview

<p>What</p>	<p>MIPS Promoting Interoperability Hardship Exception applications allow you to request that your MIPS Promoting Interoperability performance category be reweighted to 0%.</p>
<p>Who</p>	<p>Individual clinicians, groups, and virtual groups reporting via traditional MIPS, MIPS Value Pathways (MVPs) or the APM Performance Pathway (APP).</p> <ul style="list-style-type: none"> • Third party intermediaries can submit an application with permission from the clinician or practice. <p>Some clinicians, groups and virtual groups automatically qualify for reweighting of the Promoting Interoperability performance category. If you qualify for automatic reweighting, you don't need to apply for a MIPS Promoting Interoperability Hardship Exception.</p> <ul style="list-style-type: none"> • See Appendix A for information about the clinicians, groups, and virtual groups that automatically qualify for reweighting of this performance category.
<p>Why</p>	<p>You can submit an application to have your MIPS Promoting Interoperability performance category reweighted to 0% if:</p> <ul style="list-style-type: none"> • You have insufficient Internet connectivity • You have decertified electronic health record (EHR) technology • You lack control over the availability of certified EHR technology (CEHRT) <ul style="list-style-type: none"> ◦ Lacking 2015 Edition CEHRT doesn't qualify as a reason to submit an exception application • You face extreme and uncontrollable circumstances such as a disaster, practice closure, severe financial distress or vendor issues <ul style="list-style-type: none"> ◦ If you experience an extreme and uncontrollable circumstance that impacts multiple performance categories, the Extreme and Uncontrollable Circumstances Exception application may be more suitable for your given circumstance.
<p>When</p>	<p>The Promoting Interoperability Hardship Exception application will close at 8 p.m. ET on January 2, 2024.</p>
<p>Where</p>	<p>Sign in to qpp.cms.gov with your HCQIS Access and Roles Profile (HARP) account.</p> <ul style="list-style-type: none"> • For more information on HARP accounts, please refer to the Register for a HARP Account document in the QPP Access User Guide (ZIP).
<p>How</p>	<ol style="list-style-type: none"> 1. Register for a HARP account 2. Sign in to the QPP website 3. Select 'Exceptions Application' on the left-hand navigation 4. Select 'Add New Exception' 5. Select 'Promoting Interoperability Hardship Exception' 6. Complete the application for individual, group or virtual group participation

Note: We automatically reweigh Promoting Interoperability for small practices. See [page 8](#) for more information.

MIPS Promoting Interoperability Performance Category Hardship Exception Information

MIPS Promoting Interoperability Performance Category Hardship Exception Information

Overview

Reminder: Small practices qualify for automatic reweighting.

You may automatically qualify for reweighting in this performance category.

- See [Appendix A](#).
- If you automatically qualify for reweighting, you don't need to submit an exception application.

You'll complete the Hardship Exception application at the level for which you'll report data to MIPS.

- If you're reporting data at the individual level, complete the Hardship Exception application at the individual level.
- If you're reporting data at the group level, complete the Hardship Exception application at the group level.
- Note, a group Hardship Exception application will **only** apply at the group level.
 - If your practice is participating in MIPS at the individual level, don't complete the Hardship Exception application at the group level. You'll complete the Hardship Exception application at the individual level for each clinician (who doesn't automatically qualify for reweighting) to be considered for reweighting.
 - If you're reporting as an MVP as a subgroup, the group level Hardship Exception will apply to the subgroup participants.

You can still submit data for the MIPS Promoting Interoperability performance category.

- If your circumstances change and you're able to collect and submit your Promoting Interoperability data, we'll disregard your Hardship Exception application and you'll be scored in this performance category.
- You'll also be scored in this performance category if you attest to any data, such as selecting performance period dates or responding to attestation statements, during the submission period.
- Small practices qualify for automatic reweighting of the Promoting Interoperability performance category.

MIPS Promoting Interoperability Performance Category Hardship Exception Information

Overview (Continued)

You aren't required to submit documentation with your application.

- However, clinicians, groups, and virtual groups should retain documentation of their circumstances supporting their application for their own records in the event they're selected by CMS for data validation or audit. See our [2023 MIPS Data Validation Criteria \(ZIP\)](#) for details on the data validation process.

You can apply for a MIPS Promoting Interoperability performance category hardship exception if you switch CEHRT vendors during the performance period.

- You would indicate an extreme and uncontrollable circumstances hardship exception and select vendor issues within the application.

The following circumstances qualify as extreme and uncontrollable circumstances for a MIPS Promoting Interoperability performance category hardship exception:

- A natural disaster resulting in damage to or destruction of your CEHRT
- Practice closure
- Severe financial distress resulting in bankruptcy or debt restructuring
- Vendor issues (such as a change in vendors during the performance period or errors with your CEHRT that your vendor is unable to address)

You may still be able to report if your EHR product is decertified during the 2023 performance year.

- You can still submit your Promoting Interoperability performance category measures collected in your now-decertified EHR product if your performance period ended before the decertification occurred.
- If your performance period ended after the EHR decertification occurred, you can [apply](#) for a MIPS Promoting Interoperability performance category hardship exception and select decertified EHR technology.

MIPS Promoting Interoperability Performance Category Quality Payment PROGRAM Hardship Exception Information

Groups and Virtual Groups

To submit an application on behalf of a group, every office location/practice site within the taxpayer identification number (TIN) must experience the hardship for the group to qualify for the Promoting Interoperability performance category hardship exception.

- For example, if one office location is within a broadband availability area but the other office(s) for the practice is not, the office with broadband availability would not qualify for the MIPS Promoting Interoperability performance category hardship and must report for those clinicians for whom they have data.

To submit an application on behalf of a virtual group, every office location/practice site for each TIN within the virtual group must experience the hardship for the virtual group to qualify for the Promoting Interoperability performance category hardship exception.

- For example, if one TIN is within a broadband availability area but the other TIN(s) in the virtual group is not, the TIN with broadband availability would not qualify for the MIPS Promoting Interoperability performance category hardship and must report for those clinicians for whom they have data.

MIPS Promoting Interoperability Performance Category Hardship Exception Information

MIPS APM Participants

MIPS eligible clinicians and groups with MIPS eligible clinicians participating in a MIPS APM can apply for hardship exceptions and qualify for automatic reweighting just like other MIPS eligible clinicians.

If you're participating in MIPS at the APM Entity level (either reporting traditional MIPS or the APP), you would complete the application as an individual or group.

- If approved, the clinician will receive the APM Entity's score, but will be excluded from the calculation when we create an average Promoting Interoperability score for the APM Entity.

APM Entities reporting the APP or traditional MIPS can't submit a Promoting Interoperability Hardship Exception application on behalf of the entire Entity.

- When participating in MIPS as an APM Entity, the Promoting Interoperability performance category is still reported at the individual or group level.

A MIPS Promoting Interoperability performance category hardship exception doesn't exempt you from reporting on any CEHRT activities required for participation in your APM.

MIPS Promoting Interoperability Performance Category Hardship Exception: Frequently Asked Questions

MIPS Promoting Interoperability Performance Category Hardship Exception: Frequently Asked Questions

Question	Answer
<p>Where Can I Look for a Status Update on Our MIPS Promoting Interoperability Performance Category Hardship Exception Application?</p>	<p>You can monitor your application status in your QPP Account on the QPP website.</p>
<p>Can Additional Staff Members Access/Receive Notifications About the Status of the MIPS Promoting Interoperability Performance Category Hardship Exception Application?</p>	<p>Yes, you can add additional staff or representatives who should receive notifications about the status of the application.</p> <p>In the Additional Access section of the application, provide the email address(es) of additional staff or representatives who would like to receive email notifications.</p> <p>Please note: the additional staff or representatives must have HARP credentials in order to see the application on the QPP website.</p>
<p>How Can I Correct a Mistake Made on Our MIPS Promoting Interoperability Performance Category Hardship Exception Application?</p>	<p>If you identified an error with your exception application, please contact the Quality Payment Program Service Center by email at QPP@cms.hhs.gov, create a QPP Service Center ticket, or by phone at 1-866-288-8292 (Monday-Friday, 8 a.m. - 8 p.m. ET).</p>

Welcome back Jason M!

Oct 3, 2022
Submission Window is open

Jan 31, 2023
Last Day to submit 2022 data

Jan 31, 2023
Preliminary Performance Feedback Available

Summer 2023
Final Performance Feedback is available

Registration is now open for the CAHPS for MIPS Survey and MVPs

Go to registration portal

You may register to administer the Consumer Assessment of Healthcare Providers and Systems (CAHPS) for MIPS Survey through the Registration Portal or register to report a MIPS Value Pathway (MVP) by downloading the MVPs registration form and related resources to submit through the QPP Service Center.

Exceptions Application

Start an application

We provide the opportunity to apply for exceptions to meeting MIPS program requirements when certain circumstances make it difficult for you to meet program requirements.

You can create and submit a new exception request until 8 p.m. ET on January 2, 2024.

*The screenshots included in this user guide were based on the QPP test environment. Because we are always working to incorporate feedback and improve the experience, there may be differences between these screenshots and what you see on the [QPP website](#).

MIPS Promoting Interoperability Performance Category Hardship Exception: Application Steps

Step 3: Select the Exception Application

Select the **MIPS Promoting Interoperability Performance Category Hardship Exception**, then **Continue**.

Add New Exception

Exception Type *

MIPS Promoting Interoperability Performance Category Hardship Exception

The MIPS Promoting Interoperability Performance Category Hardship Exception application allows you to request reweighting specifically for the Promoting Interoperability performance category if you qualify for one of the reasons identified below.

- You have decertified EHR technology
- You have insufficient internet connectivity
- You face extreme and uncontrollable circumstances such as disaster, practice closure, severe financial distress or vendor issues
- You lack control over the availability of CEHRT

Extreme and Uncontrollable Circumstances Exception

The Extreme and Uncontrollable Circumstances Exception application allows you to request reweighting for any or all performance categories if you encounter an extreme and uncontrollable circumstance or public health emergency, such as COVID-19, that is outside of your control.

All other events such as vendor issues, decertification of EHR, etc. should be filed as a Promoting Interoperability Hardship Exception.

Promoting Interoperability Hardship Details

Reason for Promoting Interoperability Hardship * 

- Insufficient Internet Connectivity**
In order to be approved for this hardship exception, the clinician(s) must attest to practicing in an area without sufficient internet access or facing insurmountable barriers to obtaining infrastructure (e.g. lack of broadband).
- Extreme and Uncontrollable Circumstances**
In order to be approved for this hardship exception, the clinician(s) must attest to facing Extreme and Uncontrollable Circumstances that prevented the clinician(s) from meeting the requirements of the promoting interoperability (PI) performance category.
- Lack of Control over the Availability of CEHRT**
In order to be approved for this hardship application, the eligible clinician (s) must attest to a lack of control over the availability of CEHRT in 1 or more practice locations where more than 50 percent of the patient encounters occurred.
- EHR Decertification**
In order to be approved for this hardship exception, the clinician(s) must attest to experiencing issues with the certification of the EHR product such as decertification.

Note: You don't need to submit supporting documentation with your application. However, you should retain documentation of the circumstances supporting your application for your own records in case you are selected by CMS for data validation or an audit. See our [2023 MIPS Data Validation Criteria](#) for details on the data validation process,

*The screenshots included in this user guide were based on the QPP test environment. Because we are always working to incorporate feedback and improve the experience, there may be differences between these screenshots and what you see on the [QPP website](#).

MIPS Promoting Interoperability Performance Category Quality Payment PROGRAM

General Notice

No Quality Payment Program Promoting Interoperability performance category hardship exception may be granted unless this application is completed. If the clinician or group associated with this application reports any data as an individual or a group to the Promoting Interoperability category this application will be dismissed. If this individual or group is a participant in a MIPS Alternative Payment Model (APM) they do not need to report data for the Promoting Interoperability performance category. However, the individual or group will receive the APM entity score for Promoting Interoperability as determined by the APM scoring standard if the performance category is not reweighted for the entire APM entity.

Disclosures

Submission of this Promoting Interoperability performance category hardship exception application is voluntary. Failure to provide necessary information to identify the clinician or group will result in processing delays or denial of the Quality Payment Program Promoting Interoperability performance category hardship exception application.

Notice

Any person who knowingly files a statement of claim containing any false, incomplete, or misleading information may be guilty of a criminal act punishable under Federal and state law and

Automatic Reweighting in the MIPS Promoting Interoperability Performance Category

Reason for Reweighting (Individual Clinicians)	Action Needed by the Individual
<p>You have one of these Special Statuses:</p> <ul style="list-style-type: none"> • Small Practice; • Ambulatory Surgical Center (ASC)-based; • Hospital-based; or • Non-patient facing 	<p>None – You’re automatically excepted from having to submit data for this performance category as an individual, though you may still choose to do so.</p> <p>You’ll be scored in this performance category if your practice is participating as a group or virtual group and doesn’t qualify for reweighting.</p>
<p>You are one of these clinician types:</p> <ul style="list-style-type: none"> • Physical therapist • Occupational therapist • Qualified speech-language pathologist • Qualified audiologist • Clinical psychologist • Registered dietitian or nutrition professional • Clinical social worker 	<p>None – You’re automatically excepted from having to submit data for this performance category as an individual, though you may still choose to do so.</p> <p>You’ll be scored in this performance category if your practice is participating as a group or virtual group and doesn’t qualify for reweighting.</p>
Reason for Reweighting (Groups and Virtual Groups)	Action Needed by the Group or Virtual Group
<p>You have one of these Special Statuses:</p> <ul style="list-style-type: none"> • Ambulatory Surgical Center (ASC)-based. • Small Practice • Hospital-based: Group or virtual group must have more than 75% of clinicians designated as hospital-based. • Non-patient facing: Group or virtual group must have more than 75% of clinicians designated as non-patient facing. 	<p>You’ll be scored in this performance category if your practice is participating as a group or virtual group and doesn’t qualify for reweighting.</p>
<p>All of the MIPS eligible clinicians in your group or virtual group qualify for reweighting as individuals (through any combination of special statuses, clinician type, and approved hardship exceptions).</p>	<p>You’ll be scored in this performance category if your practice is participating as a group or virtual group and doesn’t qualify for reweighting.</p>

Appendices

Appendix B.

MIPS Performance Category Weight Redistribution Policies Under Traditional MIPS Finalized for the 2023 Performance Year: Individual Clinicians, Groups and Virtual Groups

The table below illustrates the 2023 performance category weights and reweighting policies that CMS will apply to clinicians, groups, and virtual groups reporting via traditional MIPS.

Refer to [Appendix D](#) for reweighting policies that apply to APM Entities.

Important Reminders:

- Individual Clinicians, Groups, Virtual Groups: If fewer than 2 performance categories can be scored (meaning 1 performance category is weighted at 100%, or all performance categories are weighted at 0%), the clinician, group, or virtual group will receive a final score equal to the performance threshold and the MIPS eligible clinicians will receive a neutral payment adjustment in the 2025 payment year.

MIPS Performance Category Reweighting Scenario	Quality Category Weight	Cost Category Weight	Improvement Activities Category Weight	Promoting Interoperability Category Weight
No Reweighting				
Standard Weighting under traditional MIPS	30%	30%	15%	25%
Reweight 1 Performance Category				
No Cost (Cost → Quality and Promoting Interoperability)	55%	0%	15%	30%
No Improvement Activities (Improvement Activities → Quality)	45%	30%	0%	25%
No Promoting Interoperability (Promoting Interoperability → Quality)	55%	30%	15%	0%
No Quality (Quality → Promoting Interoperability)	0%	30%	15%	55%

Note: Small practices have a different distribution policy than individual clinicians, larger groups, and virtual groups.

Appendices

Appendix B.

MIPS Performance Category Weight Redistribution Policies Under Traditional MIPS Finalized for the 2023 Performance Year: Individual Clinicians, Groups and Virtual Groups (Continued)

MIPS Performance Category Reweighting Scenario	Quality Category Weight	Cost Category Weight	Improvement Activities Category Weight	Promoting Interoperability Category Weight
Reweight 2 Performance Categories				
No Cost + No Promoting Interoperability (Cost + Promoting Interoperability → Quality)	85%	0%	15%	0%
No Cost + No Quality (Cost + Quality → Promoting Interoperability)	0%	0%	15%	85%
No Cost + No Improvement Activities (Cost + Improvement Activities → Promoting Interoperability + Quality)	70%	0%	0%	30%
No Promoting Interoperability + No Quality (Promoting Interoperability + Quality → Cost + Improvement Activities)	0%	50%	50%	0%
No Promoting Interoperability + No Improvement Activities (Promoting Interoperability + Improvement Activities → Quality)	70%	30%	0%	0%
No Quality + No Improvement Activities (Quality + Improvement Activities → Promoting Interoperability)	0%	30%	0%	70%

Note: If you have multiple performance categories reweighted to 0% so that a single performance category is weighted at 100% of your final score, you'll receive a score equal to the performance threshold regardless of any data submitted or not submitted. See next slide for additional information.

Appendices

Appendix B.

MIPS Performance Category Weight Redistribution Policies Under Traditional MIPS Finalized for the 2023 Performance Year: Individual Clinicians, Groups and Virtual Groups (Continued)

MIPS Performance Category Reweighting Scenario	Quality Category Weight	Cost Category Weight	Improvement Activities Category Weight	Promoting Interoperability Category Weight
Reweight 3 Performance Categories				
<p>If you have multiple performance categories reweighted to 0% so that a single performance category is weighted at 100% of your final score, you'll receive a score equal to the performance threshold regardless of any data submitted or not and receive a neutral payment adjustment.</p>				
Reweight 4 Performance Categories				
<p>If all performance categories are reweighted to 0%, you'll receive a score equal to the performance threshold regardless of any data submitted or not and receive a neutral payment adjustment.</p>

Appendix C.

MIPS Performance Category Weight Redistribution Policies Under Traditional MIPS Finalized for the 2023 Performance Year: Small Practices

The table below illustrates the 2023 performance category weights and reweighting policies that CMS will apply to small practices.

Refer to [Appendix D](#) for reweighting policies that apply to APM Entities reporting the APP. APM Entities reporting traditional MIPS or MVPs can **only** request reweighting for **all** performance categories.

MIPS Performance Category Reweighting Scenario	Quality Category Weight	Cost Category Weight	Improvement Activities Category Weight	Promoting Interoperability Category Weight
No Reweighting				
Standard Weighting under traditional MIPS for small practices	30%	30%	15%	25%
Reweight 1 Performance Category				
No Cost (Cost → Quality and Promoting Interoperability)	55%	0%	15%	30%
No Improvement Activities (Improvement Activities → Quality)	45%	30%	0%	25%
No Promoting Interoperability (Promoting Interoperability → Quality and Improvement Activities)	40%	30%	30%	0%
No Quality (Quality → Promoting Interoperability)	0%	30%	15%	55%

Appendices

Appendix C.

MIPS Performance Category Weight Redistribution Policies Under Traditional MIPS Finalized for the 2023 Performance Year: Small Practices

MIPS Performance Category Reweighting Scenario	Quality Category Weight	Cost Category Weight	Improvement Activities Category Weight	Promoting Interoperability Category Weight
Reweight 2 Performance Categories				
No Cost + No Promoting Interoperability (Cost + Promoting Interoperability → Quality and Improvement Activities)	50%	0%	50%	0%
No Cost + No Quality (Cost + Quality → Promoting Interoperability)	0%	0%	15%	85%
No Cost + No Improvement Activities (Cost + Improvement Activities → Promoting Interoperability + Quality)	70%	0%	0%	30%
No Promoting Interoperability + No Quality (Promoting Interoperability + Quality → Cost + Improvement Activities)	0%	50%	50%	0%
No Promoting Interoperability + No Improvement Activities (Promoting Interoperability + Improvement Activities → Quality)	70%	30%	0%	0%
No Quality + No Improvement Activities (Quality + Improvement Activities → Promoting Interoperability)	0%	30%	0%	70%

Note: If you have multiple performance categories reweighted to 0% so that a single performance category is weighted at 100% of your final score, you'll receive a score equal to the performance threshold regardless of any data submitted or not submitted. See next slide for additional information.

Appendices

Appendix D.

MIPS Performance Category Weight Redistribution Policies for APM Entities and the APP Finalized for the 2023 Performance Year

The table below illustrates the 2023 performance category weights and reweighting policies that apply to individual clinicians, groups and APM Entities reporting the APP.

Reminders:

- Cost is not scored under the APP.
- There are no reporting requirements for the improvement activities performance category under the APP for the 2023 performance year. Participants reporting via the APP will automatically receive full credit for the improvement activities performance category for the 2023 performance year.
- Participants reporting via the APP will follow the same reporting requirements as traditional MIPS for the Promoting Interoperability performance category.

MIPS Performance Category Reweighting Scenario under the APP	Quality Category Weight	Cost Category Weight	Improvement Activities Category Weight	Promoting Interoperability Category Weight
No Reweighting				
Standard Weighting under the APP	50%	0%	20%	30%
Reweight 1 Performance Category				
No Promoting Interoperability (Promoting Interoperability → Quality)	75%	0%	25%	0%
No Quality (Quality → Promoting Interoperability)	0%	0%	25%	75%

Reweight 2 + Performance Categories

If you have multiple performance categories reweighted to 0% so that a single performance category is weighted at 100% of your final score, you'll receive a score equal to the performance threshold regardless of any data submitted or not and receive a neutral payment adjustment.

Appendices

Appendix E. MIPS Promoting Interoperability Hardship Exception Application Status Descriptions

The table below provides a description of each application status in the order of which they occur.

Draft in Progress	Submitted – Pending Approval	Approved / Denied	Withdrawn
 Draft in Progress	 Submitted - Pending Approval	 Approved	 Withdrawn
<p>You're currently working on your application and haven't submitted it yet.</p> <p>Select Manage to continue working on your application.</p>	<p>You've successfully completed and submitted your application.</p> <p>Applications are reviewed in the order of which they're received.</p>	<p>We completed our review of your application and approved your request.</p>	<p>You've withdrawn your application. You can withdraw your application at any point in the process.</p> <p>An application can't be reopened after being withdrawn. You'll need to complete a new application.</p>
